SUMMARY

Enthusiastic Front End Developer with robust technical skills in React, HTML, CSS, Responsive Design, Data Structures, and Algorithms. Proven ability to create complex, interactive, and user-friendly web applications. Applying for the position of Front End Developer to leverage the skills to develop innovative and creative web solutions.

PROJECTS

Quizzical

Scrimba • November 2022 – December 2022

- Technologies Used: Html, Css, React js.
- Developed a Quiz app which displays 5 quizzes at a time from open trivia database api which users can answer and get number of correct answers as a response after check answers button is clicked.
- Created a feature for users to select the category, difficulty, and type of quiz questions that they want to answer, and then display the corresponding questions that match their selection.
- Applied concepts like conditional rendering, fetching data from api, props, useState, useEffect hook, etc.
- Checkout live -> <https://quiztics.netlify.app/>

Learning journal

Scrimba • November 2022 – November 2022

- Technologies Used: Html and Css.
- Developed a fully responsive design website with mobile-first design approach having 3 pages home, article and about me page.
- Applied concepts like using relative units, media queries, flexbox, grid, etc.
- Checkout live -> <https://my-learning-journal.netlify.app/>

Movie Watchlist

Scrimba • October 2022 – November 2022

- Technologies Used: Html, Css, Javascript.
 - Developed movie watchlist app where user can search a movie and store and remove it from watchlist.
 - Applied concepts like interacting with api using fetch, DOM manipulation using js, etc.
 - Checkout live -> <https://movie-watchlist-app-using-plainjs.netlify.app/>
-

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Lovely Professional University • Phagwara, Punjab • 2016 ~ 2020 • 8.04 CGPA

XII (ISC Board)

St. Joseph's Convent High School • Musabani, Jharkhand, India • 2015 • 89.6%

X (ICSE Board)

St. Joseph's Convent High School • Musabani, Jharkhand, India • 2013 • 82.5%

CERTIFICATIONS

React

Scrimba • 2022

Certified in applying basics and advanced concepts in projects using React Checkout certificate -> <https://scrimba.com/certificate/uzRxwWSb/greact>

Data Structures & Algorithms guided path

Coding Ninjas • 2022

Certified in problem solving with over 300 plus questions on codestudio platform Checkout certificate -> https://files.codingninjas.in/certi_image87284a073338c71c4365af1fd62d0ff1573a9.jpg

SKILLS

Technical Skills: Html, Css, Javascript, React, Responsive Design, Data Structures, Algorithms, C++
